Acknowledgment is made of applicant's claim for foreign priority based on an application filed in Taiwan on September 24, 2002. It is noted, however, that applicant has not filed a certified copy of the Taiwanese application as required by 35 U.S.C. 119(b).

The following is an examiner's statement of reasons for allowance:

The prior art fails to anticipate or properly render obvious a diving air supply regulator exhaust valve cover that is pivotally mounted to the regulator and held closed by a hook and retaining hole on the regulator body as recited in claims 1-5 of the instant application.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
